

Tuzson and Mullins Win Individual Marathon Titles; South Plains College Wins Men's Team Championship

Ann Tuzson gave the home crowd a little extra to cheer about on June 2 when Oakton Community College (Des Plaines, Ill.) hosted its eighth and final NJCAA National Marathon Championships.

Making her first attempt at the marathon distance of 26 miles, 285 yards, Tuzson captured the championship of the women's division. She crossed the finish line in 3 hours, 19 minutes, 16 seconds, comfortably ahead of runner-up Jamey Gray of Highland (Kansas) Community College and her clocking of 3:28.55.

Not only did Tuzson's victory give the host Raiders a great final memory for their last year as marathon host, it provided Oakton with its second national marathon champion. Leszek Stoklosa was the men's winner in 1991, making Oakton only the second school to have both men's and women's national marathon champions. Allegheny County (Penns.) Community College is the other.

The women's team competition was eliminated this year when none of the competing schools entered the minimum three runners.
